45° Blade

Cut this material in mirror image

320°F - 330°F

Firm to hard, even pressure

17 - 20 seconds

Peel warm

Wash with normal settings

No nylon.

* Instructions for application to moisture-wicking materials:

Damp a cloth with rubbing alcohol (isopropyl alcohol), then rub it into the area on the garment you want to apply your design. Allow it to dry and apply your material. This will allow better adhesion to the garment.

* Instructions for application to dazzle cloth & shiny polyester fabrics:

We highly recommend that you TEST prior to doing large runs. Coated polyester can routinely cause adhesion issues.
