Cotton, Uncoated Polyester, Fabric blends, Lycra, Wool, Linen

60° Blade

Cut this material
in mirror image

320°F

Medium to
low, even
pressure

15 seconds

Peel Warm

Can be washed
& dried at medium
temperatures. Suitable
for dry-cleaning.

No nylon.

Instructions for application to moisture-wicking materials:

Damp a cloth with rubbing alcohol (isopropyl alcohol), then gently apply it to the area on the garment you want to apply your design. Allow it to dry and apply your material. This will allow better adhesion to the garment.

Instructions for application to dazzle cloth & shiny polyester materials:

We highly recommend that you TEST prior to doing large runs. Coated polyester can routinely cause adhesion issues.
