Sizing Available

Available Widths (in.): 12" only
Available Lengths (ft.): 3', 15', 30', 75', and 150'
Sheet Availability: 12" x 15"

Thickness

18 mils/450 microns
(without liner)

Special Precautions

*Not recommended for washing. Not suitable for heat transfer.

60° Blade Recommended -
Cut like other Flock material,
but be careful not to cut through
the backing paper

Cut this material
in "right-reading"

PEEL
Peel the corner of
the flock, leaving the
dots behind on the
paper backing

Place the template on a backboard
or other hard surface to fill in with
your rhinestones

Use KTM-500 transfer mask, peel
up the rhinestone decal, and heat
press it to the garment using your
rhinestone specifications

Test on dazzle cloth and other moisture-wicking polyesters. Moisture-wicking materials have better adhesion when washed and dried using no fabric softener or blotted with rubbing alcohol before pressing. Be advised that dye migration has occurred with low energy dyes in polyester and poly-blend fabrics.
