

## HIGH PERFORMANCE CALENDERED DIGITAL MEDIA & OVERLAMINATES

### Avery MPI 2105 EZ RS 3.1 mil calendered gloss white vinyl

**Opaque, permanent, long-term removable adhesive (repositionable, air egress, slideable)** • 90# channeled liner • Conformability: Flat, simple curves • Exterior durability: up to 5 years (unprinted)\* Applications: Medium-term fleet/vehicle graphics & outdoor signage • Roll Size: 30", 54", 60" x 50 yds

### Avery MPI 2105 EZ 3.1 mil calendered gloss white vinyl

**Opaque, permanent, long-term removable adhesive (repositionable, air egress)** • 90# channeled liner • Conformability: Flat, simple curves • Exterior durability: up to 5 years (unprinted)\* Applications: Medium-term fleet/vehicle graphics & outdoor signage • Roll Size: 30", 54", 60" x 50 yds

### Avery DOL 2060 3.1 mil calendered gloss overlaminate

**Clear permanent adhesive** • 78# kraft liner • Conformability: Flat, simple curves • Exterior durability: up to 3 years\* • Applications: Medium-term fleet/vehicle graphics & outdoor signage Roll Size: 30", 54", 60" x 50 yds

### Avery DOL 2080 3.1 mil calendered matte overlaminate

**Clear permanent adhesive** • 78# kraft liner • Conformability: Flat, simple curves • Exterior durability: up to 3 years\* • Applications: Medium-term fleet/vehicle graphics & outdoor signage Roll Size: 30", 54", 60" x 50 yds

## PREMIUM CAST DIGITAL MEDIA & OVERLAMINATES

### Avery MPI 1005 SC EZ RS 2.1 mil cast gloss white vinyl

**Opaque, permanent, long-term removable adhesive (repositionable, air egress, slideable)** • 90# channeled liner Conformability: Superior conformability to complex curves, rivets & corrugation • Exterior durability: up to 9 years (unprinted)\* Applications: Wraps<sup>1</sup>, fleet/vehicle/marine graphics & durable outdoor signage • Roll Size: 30", 48", 54", 60" x 50 yds & 54" x 25 yds

### Avery MPI 1005 SC EZ 2.1 mil cast gloss white vinyl

**Opaque, permanent, long-term removable adhesive (repositionable, air egress)** • 90# channeled liner Conformability: Superior conformability to complex curves, rivets & corrugation • Exterior durability: up to 9 years (unprinted)\* Applications: Wraps<sup>1</sup>, fleet/vehicle/marine graphics & durable outdoor signage • Roll Size: 30", 48", 54", 60" x 50 yds

### Avery MPI 1005 SC 2.1 mil cast gloss white vinyl

**Opaque, permanent, long-term removable adhesive (repositionable)** • 90# channeled liner Conformability: Superior conformability to complex curves, rivets & corrugation • Exterior durability: up to 9 years (unprinted)\* Applications: Wraps<sup>1</sup>, fleet/vehicle/marine graphics & durable outdoor signage • Roll Size: 48", 54", 60" x 50 yds

### SOLUT120 2 mil cast gloss white vinyl

**Opaque permanent adhesive (repositionable, air egress)** • 90# channeled liner • Conformability: Simple & compound curves, rivets & corrugation • Exterior durability: up to 7 years (unprinted)\* • Applications: Wraps<sup>1</sup>, fleet/vehicle graphics & durable outdoor signage • Roll Size: 30", 54" x 50 yds

### SOLUT110 2 mil cast gloss white vinyl

**Opaque permanent adhesive** • 90# stayflat liner • Conformability: Smooth, slightly curved surfaces with or without rivets & corrugation • Exterior durability: up to 7 years (unprinted)\* Applications: Fleet/vehicle graphics & durable outdoor signage • Roll Size: 30", 54" x 50 yds

### SOLUT130 2 mil cast gloss clear vinyl

**Clear permanent adhesive** • 90# stayflat liner • Conformability: Smooth, slightly curved surfaces with or without rivets & corrugation • Exterior durability: up to 5 years (unprinted)\* • Applications: Fleet/vehicle graphics & durable outdoor signage • Roll Size: 30", 54" x 50 yds

### Avery DOL 1060 2.1 mil cast gloss overlaminate

**Clear permanent adhesive** • 78# kraft liner • Conformability: Simple & compound curves • Exterior durability: up to 5 years\* • Applications: Wraps<sup>1</sup>, fleet/vehicle graphics & durable outdoor signage Roll Size: 30", 48", 54", 60" x 50 yds

### SOLUT310 2 mil cast gloss overlaminate

**Clear permanent adhesive** • 1.2 mil clear liner • Conformability: Slightly curved surfaces • Exterior durability: up to 5 years\* • Applications: Wraps<sup>1</sup>, fleet/vehicle graphics & durable outdoor signage Roll Size: 30", 54" x 50 yds

### Avery DOL 1360 1.3 mil cast gloss ultra-conformable overlaminate

**Clear permanent adhesive** • 78# kraft liner • Conformability: Simple & compound curves, rivets & corrugation • Exterior durability: up to 4 years\* • Applications: Wraps<sup>1</sup>, fleet/vehicle graphics & durable outdoor signage Roll Size: 30", 48", 54", 60" x 50 yds & 54" x 25 yds

### Avery DOL 1460 1.3 mil cast gloss super-conformable overlaminate

**Clear permanent adhesive** • 83# kraft liner • Conformability: Flat, Flat with Rivets, Corrugations, Complex Curves, Deep Recesses • Exterior durability: up to 4 years\* • Applications: Extreme vehicle wraps<sup>1</sup> and difficult 3D applications – no need for primer • Roll Size: 48", 54", 60" x 50 yds & 54" x 25 yds

### Avery DOL 1560 2.1 mil cast gloss optically clear overlaminate

**Clear permanent adhesive** • 1.5 mil clear polyester liner • Conformability: Flat, simple curves • Exterior durability: up to 2 years\* • Applications: Perforated window graphics Roll Size: 48", 54" x 50 yds

**INTERMEDIATE CALENDERED DIGITAL MEDIA & OVERLAMINATES**

**Avery MPI 2903 EZ 3 mil calendered gloss white vinyl**

*Opaque permanent adhesive (repositionable, air egress)* • 90# channeled liner • Conformability: Flat/simple curves • Exterior durability: up to 4 years (unprinted)\* • Applications: Medium-term outdoor & general signage  
Roll Size: 30", 54", 60" x 50 yds

**SOLUT2130AP 3 mil calendered gloss white vinyl**

*Opaque permanent adhesive* • 90# stay-flat liner • Conformability: Smooth, flat surfaces • Exterior durability: up to 3 years (unprinted)\* • Applications: Medium-term outdoor signage, point-of-purchase, displays/exhibits, product identification labels & architectural signage • Roll Size: 30", 54" x 50 yds

**SOLUT213 3 mil calendered gloss white vinyl**

*Clear permanent adhesive* • 90# stay-flat liner • Conformability: Smooth, flat surfaces • Exterior durability: up to 3 years (unprinted)\* • Applications: Medium-term outdoor signage, point-of-purchase, displays/exhibits, product identification labels & architectural signage • Roll Size: 30", 54" x 50 yds

**SOLUT410 3.5 mil calendered gloss overlaminate**

*Clear permanent adhesive* • 50# glassine liner • Conformability: Flat, simple curves • Exterior durability: up to 3 years\* • Applications: Medium-term outdoor signage, point-of-purchase, displays/exhibits, product identification labels & architectural signage • Roll Size: 30", 54", 60" x 50 yds

**SOLUT412 3.5 mil calendered matte overlaminate**

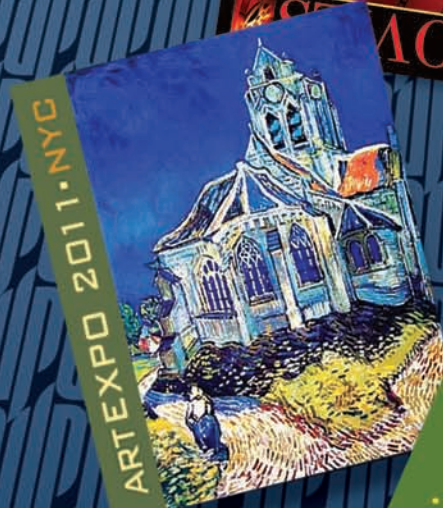

*Clear permanent adhesive* • 50# glassine liner • Conformability: Flat, simple curves • Exterior durability: up to 3 years\* • Applications: Medium-term outdoor signage, point-of-purchase, displays/exhibits, product identification labels & architectural signage • Roll Size: 30", 54", 60" x 50 yds

**Avery DOL 3060 3.2 mil calendered gloss overlaminate**

*Clear permanent adhesive* • 78# kraft liner • Conformability: Flat, simple curves • Exterior durability: up to 2 years\* • Applications: Short-term general signage  
Roll Size: 30", 54", 60" x 50 yds

**Avery DOL 3080 3.2 mil calendered matte overlaminate**

*Clear permanent adhesive* • 78# kraft liner • Conformability: Flat, simple curves • Exterior durability: up to 2 years\* • Applications: Short-term general signage  
Roll Size: 30", 54", 60" x 50 yds

**WRAPS<sup>1</sup>**

• Application to non-vertical or horizontal surfaces will significantly reduce product durability.

**\* EXTERIOR DURABILITY**

• Stated durabilities are based on vertical, non-south-facing application, moderate climate. Application to non-vertical or fixed south-facing surfaces will reduce product durability.

• Digitally printed areas with ink densities in excess of 200% can lead to under cured material. Material that is not completely dried or cured will result in increased levels of material shrinkage, edge lift and reduced product durability.

• Product must be protected by approved over-laminates or clear coats. Inks must be completely and thoroughly dried and cured before applying laminate or clear coat.

## SPECIALTY DIGITAL MEDIA & OVERLAMINATES

### SOLUT604 7 mil commercial grade white reflective film

**Clear removable adhesive** • 78# kraft liner • Conformability: Smooth flat surfaces • 5 year exterior durability (unprinted) \* • Applications: Vehicle markings & general signage  
Roll Size: 48" x 50 ft

### SOLUT601 6 mil calendered matte white wall graphic film

**Clear ultra low-peel removable microsphere adhesive** • 90# stay-flat liner • Conformability: Smooth flat surfaces • Indoor use only • Applications: Wall graphic film (for removable and reusable wall decor)  
Roll Size: 54" x 50 yds

### ThruVision 50/50 6 mil calendered matte white perforated window film

**Clear removable adhesive** • 50/50 perforation pattern • clear synthetic liner • Conformability: Flat, slightly curved glass surfaces • 3 year exterior durability (unprinted) \* • Applications: See-thru window graphics  
Roll Size: 30", 54" x 50 yds

### ThruVision 70/30 6 mil calendered matte white perforated window film

**Clear removable adhesive** • 70/30 perforation pattern • clear synthetic liner • Conformability: Flat, slightly curved glass surfaces • 3 year exterior durability (unprinted) \* • Applications: See-thru window graphics  
Roll Size: 30", 54" x 50 yds

### SOLUT602 3.5 mil calendered matte white floor & window graphic film

**Clear ultra-low peel removable adhesive** • 90# stay-flat liner • Conformability: Smooth flat surfaces • 3 year interior durability • Applications: Floor graphics, point-of-purchase displays, interior window decals  
Roll Size: 54" x 50 yds

### SOLUT313 3.75 mil textured clear polyolefin floor graphic overlaminate

**Clear permanent adhesive** • 1.2 mil clear liner • Conformability: Flat surfaces • Indoor use only  
Applications: Floor graphics slip resistant laminate  
Roll Size: 54" x 50 yds

## BANNER MATERIAL

### SOLUT511 13 oz Super smooth matte block-out banner

**Two-side printability** • 1 year exterior durability \* • Roll Size: 30", 54" x 164 ft

### SOLUT513 13 oz Scrim gloss banner

**One-side printability** • 1 year exterior durability \* • Roll Size: 30", 38", 54" x 164 ft

### SOLUT514 13 oz Scrim matte banner

**One-side printability** • 1 year exterior durability \* • Roll Size: 30", 38", 54" x 164 ft

## DIGITAL MEDIA TIPS

- Do not lay media on it's side. Store media in a suspended manner, or on end, to prevent damage to the face film.
- Always store media in a dust free, moisture free, controlled environment of 72 degrees F and 50% relative humidity.
- Handle media with white cotton gloves. Oils from hands could contaminate the media preventing inks from performing properly.

## ADHESIVES

- Permanent adhesives have a high initial tack and create an ultimate bond to the substrate.
- Repositionable adhesives tend to have a lower initial tack allowing the decal to be repositioned during installation.
- Removable adhesives can be easily removed from the substrate leaving behind a minimal residue on the substrate.
