45° Blade  
Recommended

Cut this material  
in mirror image

325°F - 340°F

Firm, even  
pressure

12-15 Seconds

Peel Cold

Cold water,  
gentle cycle,  
low heat

Test on dazzle cloth and other moisture-wicking polyesters. Moisture-wicking materials have better adhesion when washed and dried using no fabric softener or blotted with rubbing alcohol before pressing. Be advised that dye migration has occurred with low energy dyes in polyester and poly-blend fabrics.
